

What I will do for you.

- Listen to the concerns of the community and represent you at the council table.
- Attract new business so that we can have more employment opportunities as well as increase our local tax base.
- Help insure that local Infrastructure issues within the Portsmouth District are maintained or improved
- Make fiscal responsibility a priority
- Deal with your concerns by responding to your questions in a timely fashion.
- Encourage more community involvement to reduce the need for outside consultants

**HAROLD HEMBERGER
PORTSMOUTH DIST.**

My aim is to come in contact with every homeowner and renter in my district. However, should I miss you during my visit, you can email me at harold@haroldhemberger.com or call me (613) 877-4540.

If you do have an internet Twitter account you may follow me by typing in [haroldhemberger](#) in your Twitter account.

For information on advance polls, poll locations, require a ride to polls or anything else that is related to the election, please visit my web site or call my phone number.

You may also want to visit The City of Kingston website at www.cityofkingston.com/election

The 2010 Election Office is open from 8:30 a.m. to 4:30 p.m. weekdays. It is located in the West Wing on the first floor of City Hall at 216 Ontario St.

The Assistant Returning Officer is John Bolognone, 613-546-4291 ext. 1610, and the Election Office Clerk is Charmaine Burrows, 613-546-4291 ext. 1611

MOVING FORWARD

About Harold Hemberger

After coming to Kingston after a military tour, I decided to make Kingston my home. I am an analytical person with problem solving abilities which will be useful during the position of Councilor for Portsmouth. I have been fortunate to have gained experiences in different industries and services. Currently I am employed as a Commissionaire for the security at RMC. My Wife Binh is a business owner in Kingston and shares my passion for this city.

City Issues

Economic Development—This is an issue that we have to take seriously. In this economy we have to welcome economic development more than we ever did before. This can range from attracting new business to attracting and keeping events that will bring in a positive economic benefit to our community.

Third Crossing— This is a project that I believe we should finally take action on. I believe that a third crossing would reduce traffic congestion on both sides of the Cataraqui River. This could decrease transit times across the river and also reduce emissions around the downtown area.. However, this is a project that must have a firm commitment from federal funding.

Downtown – A vibrant downtown is important to any community. I will work with the city to try and make parking easier , I also believe we need to make an effort to make downtown cleaner through using locking trash receptacles and recycling containers.

Control Taxes—Work with the city to have a sense of fiscal responsibility

Portsmouth Issues

Roads—Just like any district we have road conditions that need to be tended to. The most widely known problems are mainly in the village area as well as Queen Mary Rd. Parts of Mowat Ave are slated to be repaired this year.

Students—Work towards building a positive relation between students and residents .

Suggestions that encourages growth, friendlier, healthier, and encouraging relationship between all residents in my district are welcomed .

And I will participate in establishing this process.
